

Vendor Status Notification

The **Resource Notes** program enables users to document important information pertaining to each vendor record such as visits, correspondence and many more.

<p>To generate a new VSN document, select the Vendor Status Notification option under Resource Processing.</p>	 <p>A screenshot of a software menu titled "Resource Processing". The menu items are: Enter/Update Resources, Work With Residential Vacanc, Resource Notes, Unlock Resource Notes, One Note to Many Vendors, UFS Interface-List Only, UFS Interface-Complete, Print Resource Profile, Vendor Status Notification (highlighted), Vendor Service/Rate Reports, View UFS Vendor Information, View UFS Rate Table, Resources by Name (Inquiry), Resources by Number (Inquiry), Other Resource Search Option, and View Interface Reports.</p>
<p>Enter the Resource # or click on the  to search for a vendor by name.</p>	 <p>A screenshot of a dialog box titled "Print Vendor Status Notification". It features a green "Enter" button with a checkmark icon in the top left and a red "X" button in the top right. Below the title, there is a label "Resource#" followed by a text input field and a magnifying glass search icon. At the bottom, there is a blue "Use Query" button.</p>

Select the desired method of delivery to receive the report and then click .

The generated document will contain the notes with unit type K. Notes will be displayed in the VSN document in descending order (from oldest to newest.)
